GILLETTE, Wyo. (Dec. 11, 2025) — Visionary Broadband has continued its investments in internet infrastructure with the completion of 5-gigabit service available to an additional 743 homes in northeast Gillette.

Visionary, headquartered in Gillette, fully funded the recent service expansion, which increases the number of locations it can serve in the area to more than 9,000.

“Our continued growth in Gillette is in direct support and response to its booming economy and business growth,” said Brian Worthen, CEO of Visionary Broadband. “We are excited to be a part of Gillette’s innovation and diversification, seeing the city where we are headquartered flourish.”

Local leaders and businesses expect major benefits from the upgrade, emphasizing its importance to the community's future.

"Expanding reliable, high-speed internet service opens the door for new industries and helps our legacy businesses to be competitive," said Rusty Bell, CEO of Energy Capital Economic Development. "Gillette is entering a new chapter of economic diversification, and fiber internet is critical to attract, support and retain new opportunities."

Visionary's future-proofed fiber ensures that Gillette-area homes and businesses have access to reliable, high-speed internet that supports the community's growth for years to come.
